

SPOKANE GUILDS' SCHOOL
& NEUROMUSCULAR CENTER

36TH ANNUAL

SPRING

GALA
DINNER AUCTION

SATURDAY, MARCH 4, 2017

SPOKANE CONVENTION CENTER
334 W. Spokane Falls Blvd. Spokane, WA

SPONSORSHIP OPPORTUNITIES

Thank you for considering our underwriting request to support our 36th Annual Spring Gala, dinner and auction to be held on March 4, 2017. This evening is always full of entertainment, excitement, an excellent catered dinner, and is a wonderful opportunity to share our mission and create awareness within our community.

The Spokane Guilds' School provides early intervention therapies to over 250 children annually in Spokane County who have developmental disabilities and delays. All services are provided regardless of race, religion, gender or ability to pay. We are a non-profit organization that relies on community support to continue our important work.

On behalf of our "little ones" with developmental disabilities, thank you for considering our request. It is community members like you who have enabled the Spokane Guilds' School & Neuromuscular Center to carry out its vital work for over 56 years. We look forward to many more years of caring for the children in our community!

With sincere appreciation,

Bill Ryan
2017 Auction Chair

SPOKANE GUILDS' SCHOOL FACT SHEET

We exist because no child should sit on the sidelines of life. Through our early intervention services, children with developmental disabilities are given a chance to grow and reach their full potential.

The Spokane Guilds' School & Neuromuscular Center (SGS&NMC) is a non-profit organization. It was established in 1960 to provide respite care to families that had a child with a developmental disability or delay.

In 1979, the SGS&NMC became the first neuromuscular center in Washington east of the Cascades. Prior to 1979, families had to travel to Seattle for their child to receive a complete developmental assessment. The SGS&NMC is now one of three neuromuscular centers in Eastern Washington.

Today, the Spokane Guilds' School & Neuromuscular Center is a comprehensive assessment and therapy center for children, birth to three, with developmental disabilities. The brain is quickly developing during this very early age, making this the optimal time to provide intervention therapies to maximize potential, in the least restrictive environment.

SGS&NMC services include: medical evaluations, physical, occupational and speech/language therapies, special education, and access to a full family support center including pediatric nurses and social workers.

Annually, the Spokane Guilds' School & Neuromuscular Center serves over 250 infants and toddlers with developmental delays and/or disabilities.

Every year the SGS&NMC serves children and families who are impacted by developmental disabilities, which may be caused by premature birth, cerebral palsy, Down syndrome, autism, muscular dystrophy, spina bifida, chromosomal deletions, various genetic syndromes, shaken baby syndrome and general delays.

Families can self-refer or be referred by a doctor or other medical professional.

All services are provided without regard for ability to pay.
